

# Family brings home a WIN after Feud

Gastroenterologist Gene Chang, his wife Eileen and his brother David, sister Liz and brother-in-law JB Joo appeared this past spring on the nationally syndicated game show "Family Feud." The Chang family played for big prize money and won. An area resident who grew up in NW Indiana, Dr. Gene Chang and his wife Eileen donated \$10,000 of their cash prize to the Cancer Resource Centre in Munster. "I grew up in this area... It's my hometown. I want to do anything I can do to help support our community and my patients...many of them with cancer. The Cancer Resource Centre is an amazing place and the programs and services are all free. I played for fun, but am glad to be able to help and raise awareness of a serious issue."
